BRISBANE

Outdoor Game Accessibility

Escape Hunt is excited to offer outdoor escape games for those looking to set outside the box (and the venue) and have a unique puzzle-solving experience!

An outdoor escape room is a great option for those who may have experienced limited accessibility in indoor escape rooms in the past. Your journey will take you through the streets surrounding Escape Hunt Brisbane, sticking to the sidewalks and interacting with parts of the local environment to solve puzzles.

We believe that Escape Games can be fun for everyone and want to give you the information you need to have the best time possible!

For details about our indoor escape rooms and general venue accessibility, please view our 'Accessibility Information Pack'. This document will cover accessibility concerns specific to our **outdoor escape games**.

If you would like to chat with us in person about accommodations we can make to ensure you have the best experience, please don't hesitate to call or email us at:

GENERAL NOTES (PART 1)

Companion Cards:

If you hold a current companion card you are eligible for free entry. To process a booking with a companion card you can contact us directly, or you can process a booking online and simply book for one less player than the total number of attendees (to accommodate for the free entry of the companion card holder).

Please note the maximum number of attendees for one game (including companion card holders) is six players. Bring your companion card with you on the day so our staff can get you checked in.

Differing Ability Levels:

The most common accessibility concerns raised by our guests are: wheelchair access, colour blindness, and deafness/hard of hearing.

If you experience any of these conditions we recommend bringing a friend who can assist with any puzzles that might be inaccessible to you. This document will help you determine which rooms are best suited to your team and if there are any extra plans you might need to make to ensure you have the best time possible!

A Note for Blind Guests:

Unfortunately at this stage we would not recommend our Escape Games to any players that experience total blindness, as the nature of the puzzles will significantly limit your experience.

Our friends at Quest Room Brisbane (located in Spring Hill) have an Escape Room called 'Darkness' that is played in complete darkness, and might be a good option if you experience total blindness.

The following link will take you to the web page for their game 'Darkness':

TIME COPS (1/2)

Image Description: Three individuals stand with their backs turned to the camera. They are looking at a large burst of electrical energy on a city street. Text overlay reads: 'Time Cops: A City Hunt Game'.

Wheelchair Access:

All sections of the route detailed on the next page should be accessible via wheelchair. Construction and road work may impeded the accessibility of the route.

Colour Blindness:

One puzzle in this game requires differentiation between yellow, pink, green, blue, and orange.

Hard of Hearing:

There are no auditory puzzles in this game, however there is an introduction video and a conclusion video that does not have closed captioning.

Sensory Concerns:

This game takes place on the streets of West End and South Brisbane. Please note you may encounter traffic, construction, road works, or pedestrians on your journey.

TIME COPS (2/2)

SERIOUS SPOILERS!

Part of the fun of 'Time Cops' is discovering the route along the way. If you would like to keep the exact route a mystery do not look at the map below.

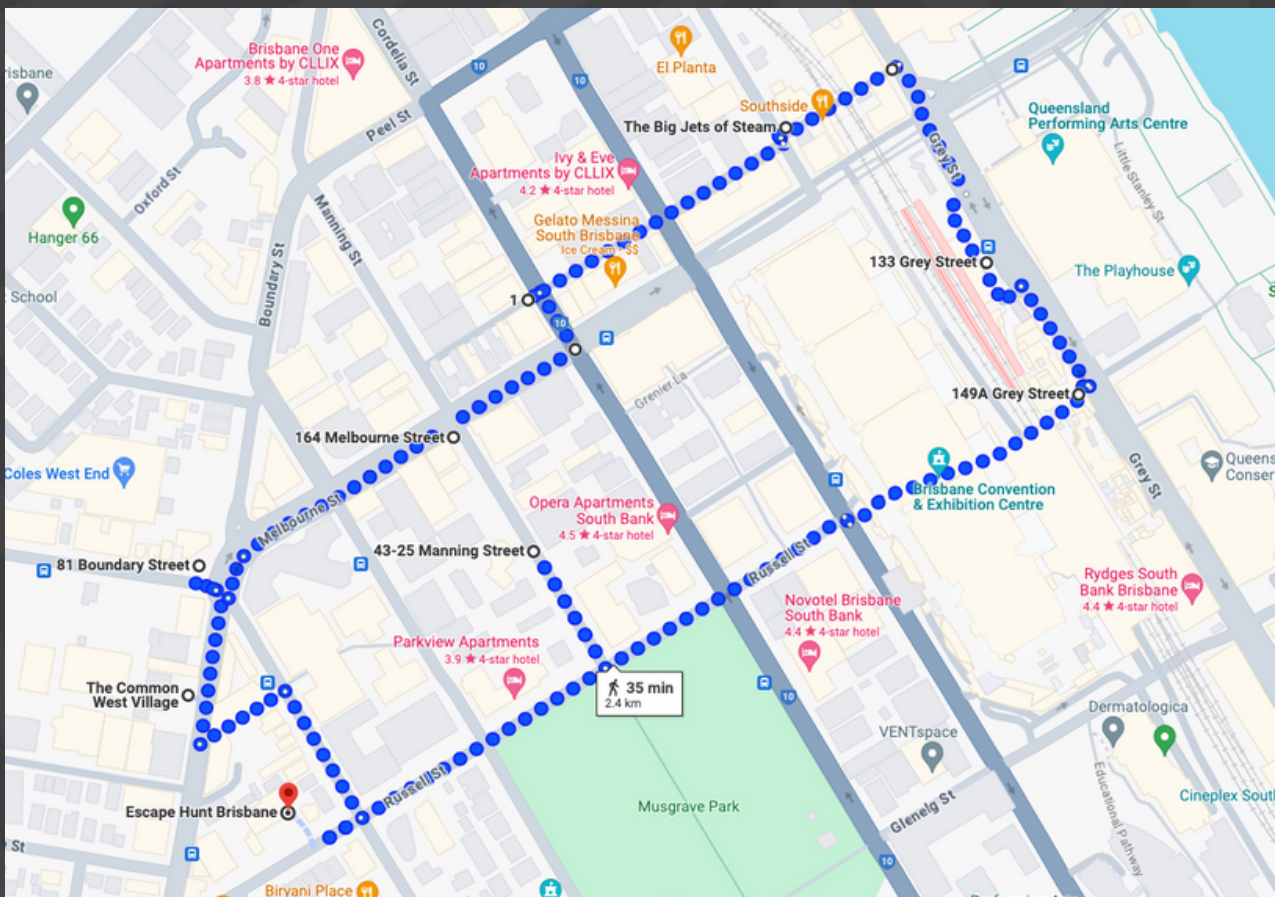

Image Description: A Map of West End that details the approximate route of the 'Time Cops' game. Sources from Google Maps.

Walking Route:

Distance: Approximate 2 kilometers.

Terrain: Mostly flat; entirely along pavements and 1 section of flat grass.

The walking route starts at Escape Hunt Brisbane, takes you through West End and up to South Brisbane, before returning to Escape hunt Brisbane.
