ESCAPE HUNT

REDACTED

AN ESCAPE HUNT ORIGINAL GAME

The internet has gone wild. A well known blogger and conspiracy theorist is believed to have infiltrated a top secret government research laboratory in Australia's outback, the infamous 'Area 48.' Many people believe he's a crazy person and dismiss his wild ideas. However, a huge group of his closest followers want answers as he's gone completely dark and has not been heard from in days.

HIS GAME. HIS RULES.
