TEAM ADVENTURE AWAITS

Swap the usual school excursion for something truly unique!

Leap into new worlds, find clues and complete ground-breaking missions in an adrenaline-fuelled race against the clock.

Packed with excitement, our school excursion challenges young minds, encourages teamwork, inspires communication and problem solving.

“This may just be the ultimate school excursion.”

“A great way for kids to problem solve and work as a team in a fun way”

WHAT ARE REMOTE TEAM EVENTS?

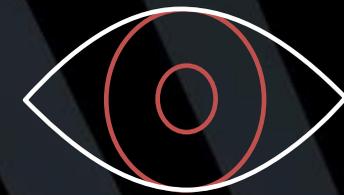

A unique digital web experience where our Game Master hosts your team and provides you access to our online game portal, where you will find challenges, materials and hints as you progress through the adventure. Can you work together to succeed? With a variety of puzzles, everyone will be able to contribute and have some fun.

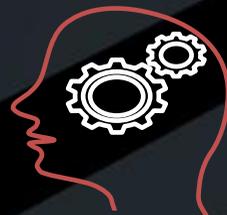

An interactive problem solving experience played remotely from anywhere in the world

Teams of 2-6+ are connected remotely and must explore and decipher riddles and clues to solve the mystery

Players need to be observant and use critical thinking skills to solve challenges and riddles

It's time to get creative, as teams can use many tools to find answers. Use audio/video, social media, Google or other tools to help you

Games are challenging, but can be solved with good teamwork, observation, problem-solving and communication skills

FIVE EYES

Welcome Candidates! Does your team have what it takes to pass the Five Eyes entrance exam and join the most formidable spy organization in the world?

An entrance exam like no other, Five Eyes is a totally scalable multiplayer event which tests mental agility, lateral thinking, and teamwork under pressure. The test is simple. Each question wins you points. The more difficult the question the more points. The team to finish with the most points wins. The rest of you, will have to try again next year...

Our expert games masters will be online to host your full experience as you attempt to join the most elite network of spies on the planet.

THE HEIST

CONTROL THE MISSION, REAP THE REWARDS

THE HEIST
AN ONLINE TEAM ADVENTURE

You and your teammates are mission control guiding the most skilled thieves in the world as they take on the world's most audacious heist.

The coveted Qianlong Vase, a historical Chinese masterpiece has just been found and sold. Worth 43 million pounds, this antique is about to begin its journey to its new owner... unless you can get to it first.

Together your team will work through puzzles, riddles, challenges and mini missions in order to complete the mission in its entirety.

TESTIMONIALS

"Seamless organisation and fantastic staff."

From booking to the day itself, everything ran smoothly. The team handled multiple rooms and large numbers with professionalism. Our students left buzzing with excitement and already asking when we can come back.

"The perfect mix of fun and education."

Our Year 6 cohort had an incredible time. The puzzles challenged them to think logically while working collaboratively under time pressure. The staff were organised, supportive, and fantastic with our students. We will definitely be returning next year."

"Several years ago I created a new course for our PEAC (Primary Extension and Challenge) program. Inspired by my engineering son, I called it Break Out and it was based on escape rooms. It is THE most popular course because we go to Escape Hunt.

Escape Hunt offers a variety of rooms that are suitable for almost any age (my students are Years 5/6) and the kids absolutely adore it.

Amber and her team are so welcoming, are willing to adjust to my constraints and to make the most fabulous learning and challenging environment for everyone.

The kids come away absolutely mind blown! A brilliant excursion!"

Mrs D -PEAC Teacher South Metro

"Highly engaging for senior students."

We organised an excursion for our Year 11 leadership group and it was one of the most successful activities we've run. Students had to step up, delegate tasks, and communicate effectively. It was a brilliant real-world team-building exercise."

"An outstanding learning experience."

We brought our Year 9 students to Escape Hunt as part of our problem-solving unit, and it exceeded expectations. The activity encouraged teamwork, communication, and critical thinking in a way that felt exciting rather than structured. The students were fully engaged from start to finish."

SCHOOL CURRICULUM ALIGNMENT

Our escape room experiences align with the Western Australian Curriculum and SCSA General Capabilities by supporting Science inquiry skills, Mathematical reasoning, Technologies design thinking, and Enterprise skills.

Students develop Critical & Creative Thinking, Personal & Social Capability, collaboration, and real-world problem-solving in an immersive, hands-on environment.

IMMERSIVE STEM CHALLENGES

Our escape room experiences can be likened to large-scale, immersive STEM challenges, closely aligned with the Western Australian Curriculum and its General Capabilities framework.

Students are presented with complex problems that require them to:

- ✦ Observe carefully and gather evidence
- ✦ Test hypotheses and evaluate outcomes
- ✦ Apply mathematical reasoning and logical thinking
- ✦ Communicate effectively to refine ideas
- ✦ Use available resources strategically
- ✦ Reflect and adapt under time constraints

CURRICULUM CONNECTIONS

Our rooms incorporate elements relevant to:

- ✦ Science – inquiry skills, experimentation, cause and effect
- ✦ Technologies – design thinking, systems thinking, digital logic
- ✦ Mathematics – patterns, sequencing, measurement, problem-solving
- ✦ Enterprise & Economics – initiative, decision-making, risk evaluation
- ✦ Critical & Creative Thinking – analysing information and generating solutions
- ✦ Personal & Social Capability – collaboration, leadership, resilience

Students engage multiple senses — sight, sound, touch, and occasionally smell — enhancing experiential learning and cognitive engagement.

BENEFITS OF EXCURSIONS AT ESCAPE HUNT

Step into a themed room, solve the mystery, and escape within 60 minutes by uncovering hidden objects, cracking clues, and solving puzzles together.

Escape rooms provide a powerful hands-on learning environment, enabling students to apply classroom knowledge in a real-world, time-pressured scenario.

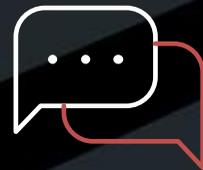

The challenges cannot be solved individually — students must collaborate, listen to one another, and combine their strengths to succeed.

EFFECTIVE TEAMWORK

Our puzzles can't be solved alone!

Teams need to work together and build trust in order to escape the room.

CLEAR COMMUNICATION

The pressure of a ticking clock puts even the best communication skills to the test.

STRATEGY + LEADERSHIP

Our escape rooms are an immediate way to demonstrate the impact effective strategy has on success.

CREATIVE THINKING + ADAPTABILITY

Everything is not what it seems at Escape Hunt.
Teams will need to challenge their thinking to succeed.

FUN

Escape Hunt is above all, FUN! This is a team activity with a difference that you won't forget.
